

ISLAND EXHIBITIONS ENVIRONMENTAL POLICY.....

Island Exhibitions Limited is proud to announce its commitment to helping to safeguard and enhance the natural environment. We recognise the importance of respect for the environment and as a company pledge to continually strive to minimise our negative impact on the environment, and maximise our positive impact.

We aim at all times:

To manage offices and workshop in ways to minimise deleterious environmental impacts.

To recycle and reuse materials in the workshop, on site and within our office suite, wherever possible.

To ensure that our environmental attitude, policies and practices are accurately perceived by our customers and suppliers.

To run as environmentally clean fleet of vehicles as possible.

To use as efficiently as possible energy and water.

To comply with the requirements of environmental legislation and approved codes of practice.

To regularly review this policy and make any changes necessary to improve our green performance.
